

# Weekly News

Friday 8 April 2022

Well here we are at the end of a difficult but exciting term. All the staff have done a brilliant job of keeping learning going in the classes as much as possible and the children have been great at accommodating any necessary changes of routine or staffing!

I very much hope you all have a fun and restful Easter break and that you are able to enjoy any time away you have planned without disruptions! Happy Easter and we will look forward to welcoming everyone back, safe and rested, for the Summer term on Tuesday 26 April.

*CP Richards*

Year 3— **Oscar**

Year 4— **Ethan**

Year 5— **Layla**

Year 6— **Miya**

Well done to all of you!

In an effort to give you some useful information about your children's learning next half term, please find attached to this newsletter a summary document about the content of the new topics for years 1-6. Mrs Tapping and Mrs Bradford send information about their children's learning regularly on Seesaw. Please be reminded that if you ever require any further information about your child's learning, you only have to ask! We are also planning to run more information evenings for parents now that Covid rules have been relaxed starting with the reading evening on 28 April. Please come if you can!

Year 5 and 6 pupils had an online safety talk very recently and all our classes regularly have lessons involving discussions about how to stay safe and be kind online. We still find, however that some of our children are using the internet, particularly social media, in an unsafe and unkind way. Please ensure you have as many parental controls in place as possible and supervise all primary aged children directly whenever they are online in any form but particularly with social media. If you would like further support or information, please follow the links below. Let us know if you'd like us to organise a talk for parents too!
