Friday 8 October 2021

We are very much looking forward to welcoming as many of you as possible to our Harvest activity afternoons next week. The teachers have planned some really creative activities for you to get involved with which everyone should enjoy! If you are able to come, we would be incredibly grateful if you would do a lateral flow test on the morning of your visit as a precaution. We are sorry if you have been unable to attend due to the timing or because younger siblings cannot be accommodated in the classrooms. If this is the case, please make a note of the weeks in the Spring and Summer terms where we plan to run class assemblies (listed on the diary dates document) as these will probably take place in the hall so younger siblings will be more able to come. We will do our best to let you know exact days and times for these well in advance.

### Reminders

As the weather remains changeable, please ensure your child has a waterproof coat in school each day. Also, due to the fact that children are regularly removing jumpers and coats during the day as they warm up, our lost property box is full again! Please check your child's name is still clearly marked on all their clothing (particularly jumpers and coats) so we can return them to their proper owners!

Thank you!

A huge thank you to all the parents and members of our community who have come and shared information about their job role with the EYFS children as part of their 'People who Help Us' topic. It's made a great difference to their learning experience
