

# Weekly News

Friday 17 September 2021

I'm sure everyone is now back in the school routine and the children are feeling more familiar with their new classes and teachers. Hook days in Years 1-6 this week have provided much interest and excitement and the first of the weekly Artis sessions with Martha Shrimpton looked like great fun to be involved in! The children's language and communication skills will undoubtedly be improved by her work and their writing is bound to be inspired and enhanced by her creative approaches. Please attend the FOSCS AGM and fundraising meeting on Monday if you can, so we can raise as much money as possible towards the cost of her work.

Year 2— **Ivy**

Year 3— **Robin**

Year 4— **Harry**

Year 5— **Aiden**

Year 6— **Jack H**

Well done to all of you!

### Please name all clothing!

We are already accumulating a huge amount of lost property which we cannot return to its owners as the clothing is not named. Please ensure all your child's clothes/lunch boxes/water bottles are named clearly and they don't get rubbed off in the wash!

**If your child has any of the Covid symptoms (persistent cough, temperature, change of taste or smell), the rules remain that you MUST keep them isolated at home, arrange a PCR test and wait until you receive a (hopefully) negative result. Lateral flow tests are not to be used in these circumstances and results from these cannot be accepted. In fact, they are not supposed to be used at all with Primary aged children.**

Our new Year 6 Peer Mentors successfully completed their training yesterday and are ready to support the mental health and wellbeing of our pupils across the school. The new room will soon be in use and **we would still welcome any donations of washable floor cushions or beanbags.**
